

Landscaping, Weed Control, Winter Services and Hedge Care Nationwide

Newlawns Landscaping and Agri was established in July 2020 specialising in Landscape Maintenance, Winter Services, Weed Control and Hedge Cutting.

Our services are delivered by knowledgeable, highly skilled staff with leading technology and a sustainable outlook to help our clients to a Net Zero Future.

We are a nationwide service provider with services covered across Ireland. We work closely with Facility Management Company's, Cleaning Company's, Asset Owners, Asset Managers, owners and Investors.

OUR CUSTOMERS

Newlawns are our go to for all our landscaping. Their service and knowledge is second to none in the market. We have dealt with them for 2 years and would be delighted to recommend them.

Paul Shields
Operations Manager

Evia started using Newlawns when we began in Ireland because of their knowledge, customer service and vision to deliver top quality service.

Daniel McGivern
General Manager - Ireland

Fingal County Council
Comhairle Contae Fhine Gall

CASE STUDIES AND SERVICES

Newlawns Landscaping and Agri carry out both Weed Control and Hedge Cutting Services for Fingal County Council.

Our efficient and cost effective approach has seen brilliant results with zero herbicides leading to not only a superior service but a more environmentally conscious one for Fingal County Council

Newlawns use the latest machinery and environmentally conscious weed control to help our client achieve their Carbon Net Zero goals.

CASE STUDIES

Dublin City Council

Comhairle Cathrach Bhaile Átha Cliath

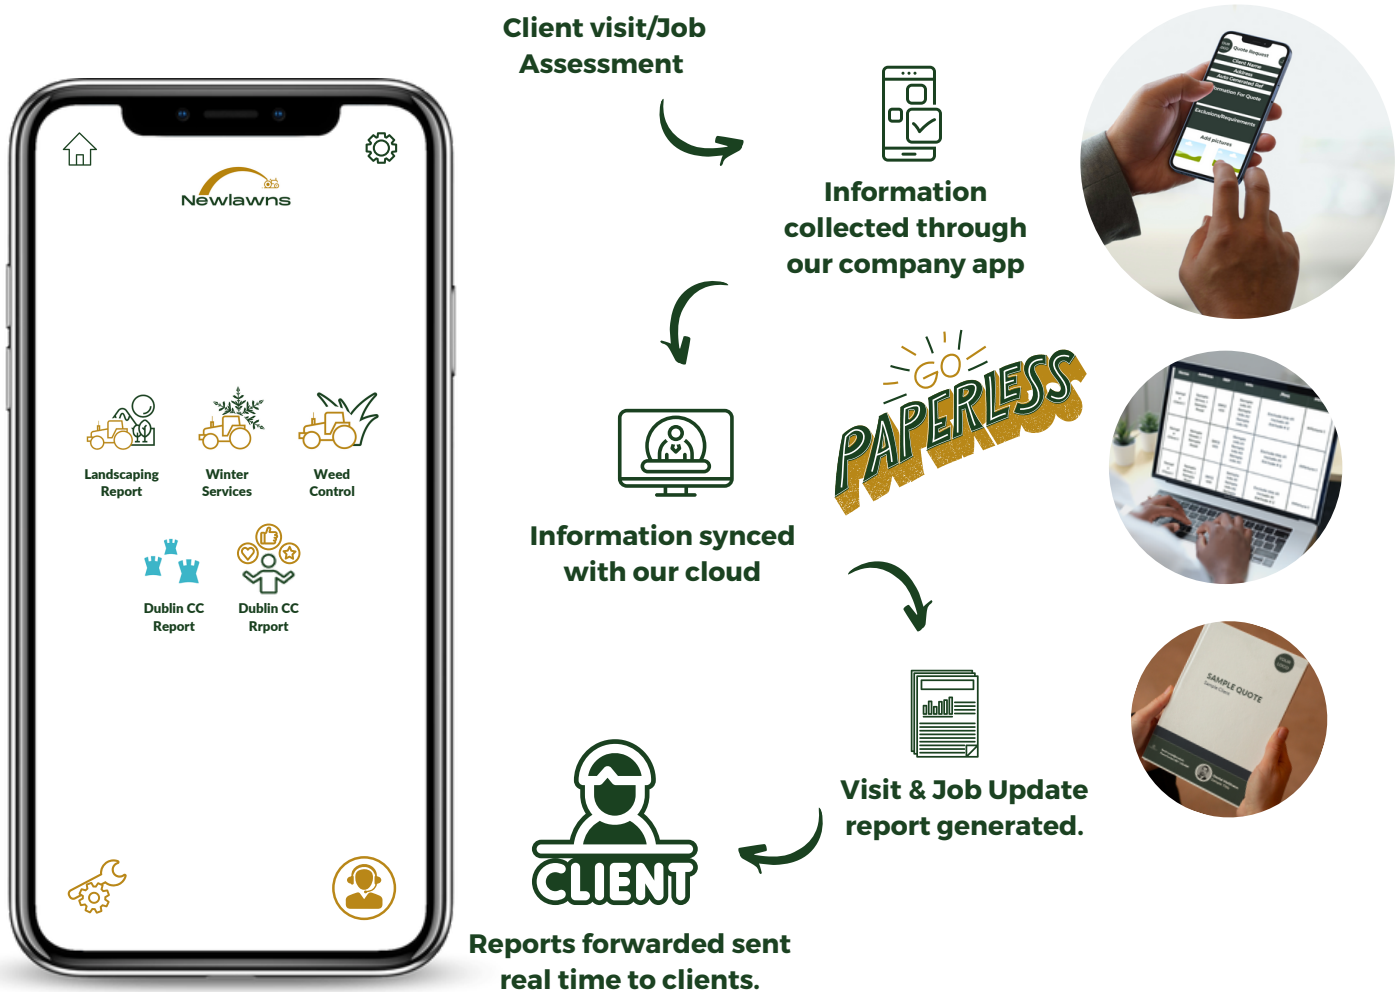

Newlawns Landscaping and Agri carry out site clearances and grounds work for Dublin City Council across a large number of sites and locations. We provided a one contractor solution for "ready to build" site clearances.

Through our service for DCC we completed a number of site clearance service to clear vegetation and prepare these sites for future development and construction.

We have successfully cleared or stripped out hundreds of sites across Ireland. On average over 80% of your waste is recycled through our recycling partners.
